Children of the Dump BigGive Christmas Challenge

During the Christmas Big Give every donation that you make to the Children of the Dump Manila gets **DOUBLED** at no extra cost to you because of match funding.

Only donations made on this link https://bit.ly/CotDBigGive22 (or through the QR code below) will be doubled and you must donate between 12 noon on TUESDAY the 29th of NOVEMBER and noon on TUESDAY the 6th of DECEMBER.

You are supporting children like Jasmine. Her dad scavenges on the rubbish dump in Manila and earns just £2 per day. Jasmine, at least for now, has a roof over her head at night in a shack made from rubbish. There is only a damp earth floor that regularly floods in the monsoon; a constant risk that everything washes away. There is no toilet, and the only electricity comes from the security lights shining on the rubbish dump next door. Jasmine now has a future as she has started at Cashew Early Years School. Education is every child's right and this is the beginning of a journey for her, and her family, towards a better future.

The children you support through Children of the Dump need your help now more than ever to ensure they get to school. Only in the last 3 months have face to face classes restarted after COVID. The children need to catch up on the lost time out of school as the opportunities for home learning in such an environment were limited.

Because of match funding the BigGive is the time of the year that your donation goes furthest. Normally a £20 donation would ensure a young child could succeed at Cashew Early Years School for 3 weeks, but during the BigGive that same £20 is worth £40, so guarantees 6 full weeks of school (including a daily nutritious breakfast)

Thank you in advance from the children
