

## April 24 News Sheet

### OUR LIVES CHANGED FOREVER VISITING THE CHILDREN OF THE DUMP.

Teegan and Mai are 2 young British backpackers who bumped into Children of the Dump Chair Kay on her recent trip to The Philippines. They were so interested to hear about the work with the children that they made a special overnight trip to Mango House and were overwhelmed by the children.

The girls created a special video of their experience and shared it with their 18,000 followers on YouTube. It's a wonderful video that takes you right to the heart of a noisy Mango House weekend. You also get to meet some of the children's proud mums in their simple homes. Please find time to watch the whole 28 minute video- it's like you are there alongside Teegan and Mai.

This is a must watch Video.

To watch the video on YouTube click here <https://bit.ly/TeeganandMai> or on the QR Code above.

They also created a fundraiser which raised over £1,000 in its first weekend. If you would like to contribute you are very welcome.
