

November 23 News Sheet

Think of a child you know and love!

Now think of a child exactly like that but who is living in poverty unable to go to school. Exhausted parents scavenge the stinking, dangerous, rubbish dumps of Manila every day looking for scrap to sell to buy food for that evening.

You can begin to transform that child's life. Donate to Children of the Dump and ensure that a child goes to school. Education along with Jesus in their lives is the best hope for a better future.

More children, like Nena in the photo above need help. And now is the best time to give TUESDAY NOVEMBER 28th (mid-day) to TUESDAY DECEMBER 5th (mid-day). Only on the link below or through the QR code

<https://bit.ly/CotDBigGive23>

Only during the Christmas Big Give every online donation that you give is doubled by matchfunding.

ONE Donation TWICE the Impact

As an example, a £20 donation now guarantees classes and a daily meal for a child for 10 weeks, instead of for 5 weeks of school as at any other time.

Thank you for any help you can give.

Changing young lives, one at a time.

Caring and educating vulnerable children in the Philippines.
