Serving Together: An Invitation to Volunteer with Children of the Dump

Dear Friend and Supporter,

First of all, **thank you.**

Your prayers, generosity, and continued support of **Children of the Dump** are helping to transform the lives of children and families living in extreme poverty in Manila. Because of you, children are able to attend school, receive care, and begin to look forward to a future filled with hope.

Today, we would like to share a gentle invitation.

Could you offer some of your time in service — or help us find someone who can?

As a small Christian charity, our work is made possible not only through financial giving, but through people who feel called to serve others. We are currently seeking volunteers who may be able to offer a little time, care, or practical support, either occasionally or more regularly.

In particular, we are looking for help with:

- **Fundraising and community events**
- **Creative skills** such as writing, design, photography, or video

Many of these roles can be carried out from home, and even a few hours a month can make a meaningful difference.

Why volunteers matter

Every hour given helps ensure that resources are used wisely, supporters are kept informed, and — most importantly — that children continue to receive the education, care, and encouragement they so urgently need. Volunteers are a valued and prayerful part of our wider charity family.

Interested — or know someone who might be?

If you feel this may be something you could offer, or if you know someone within your church or community who might be interested, we would be delighted to hear from you.
