

Linden Christian Centre

Linden Christian Centre (often known as Linden Church) is a vibrant Christian church and community hub based in West Cross, Swansea (Elm Grove Road, SA3 5LD). You'll find a welcoming, inclusive church family, committed to helping people connect with one another, worship God, and explore the Christian faith in an honest and thoughtful way. You won't be expected to have everything figured out — the church doesn't claim to have all the answers — but you will be encouraged to engage with the truth of the Scriptures and to follow Jesus in everyday life.

Alongside regular Sunday worship (typically 10:30am), you'll see Linden's strong commitment to practical community support. The church hosts the Red Community Project and is recognised locally as a place where people can find help, warmth, and welcome. You can also access wider support through its role in Swansea's network of care, including being a Swansea Foodbank location and a safe, friendly "Swansea Space" for those who need it.

As a registered charity (Linden Church Trust), you'll notice that the work goes well beyond Sunday services. Programmes run throughout the week and include activities for families and young children, youth provision, community meals and social gatherings, wellbeing initiatives, fitness and healthy-living sessions, holiday activities, and support delivered in partnership with local schools and services. Through it all, the aim is simple: to serve the community with compassion, dignity, and consistency.

We are long-term supporters of Children of the Dump, through ongoing support, we help make education, care, and family assistance possible—giving children the chance to build a safer, more hopeful future.
