

Lumley Evangelical Church

Lumley Evangelical Church is a small, friendly village church in Great Lumley, County Durham, with a heart to care for people, share the good news of Jesus, and help believers grow into mature disciples who serve others. The church's main meetings are on Sundays, including a 10:30am morning service (with Communion) and a family service held on the third Sunday of the month (except during the summer).

Alongside Sunday worship, Lumley Evangelical Church runs a range of midweek gatherings designed to build faith, friendship, and community life. These include opportunities such as Bible study, prayer meetings, coffee mornings, and groups for families with younger children (including mother-and-toddler style sessions and children's groups), helping people connect, find support, and grow in confidence and faith.

As a church, Lumley Evangelical is also outward-looking, with a desire to support mission and practical Christian service beyond its local community.

We are long-term supporters of Children of the Dump, a UK-based charity working with children and families living in extreme poverty in Manila, Philippines — particularly in communities around the former Payatas and San Isidro rubbish dumps. Through our ongoing support, we help make education, care, and family assistance possible, giving children the chance to build a safer, more hopeful future.
