

### **Why Berkshire Filipino-British Association chose Children of the Dump**

The **Berkshire Filipino-British Association** chose **Children of the Dump** because of the charity's long-term, life-changing commitment to children living in extreme poverty in rubbish-dump communities in the Philippines. We are inspired by the way Children of the Dump walks alongside each child throughout their education journey, offering not just schooling, but hope, stability, and the chance of a better future through graduation and beyond.

This focus on education as a pathway out of poverty strongly resonates with our own values as a community organisation. Supporting Children of the Dump allows us to contribute meaningfully to work that uplifts vulnerable children and families, while honouring our cultural roots and shared responsibility to give back.

The Berkshire Filipino-British Association is a vibrant community organisation dedicated to celebrating Filipino culture while promoting mental and physical well-being. Through cultural events, social activities, and our annual Charity Ball, we bring people together to strengthen community bonds and raise funds for causes close to our hearts — including Children of the Dump and our own non-profit initiatives.

We are proud to stand alongside Children of the Dump in supporting children with dignity, compassion, and long-term opportunity.
