

KINGDOM PRINT

A NON PROFIT CHRISTIAN PRINTING COMPANY

Why Kingdom Print chose Children of the Dump

Kingdom Print chose Children of the Dump as our charity partner because of the depth, integrity, and tangible impact of its work with children and families living in extreme poverty. We are particularly inspired by the charity's commitment to investing meaningfully in each individual child — not only supporting their education, but also addressing wider needs such as wellbeing, stability, and long-term opportunity. This thoughtful, child-centred approach reflects a level of care and stewardship that we greatly value.

As a genuine not-for-profit organisation, Kingdom Print exists to serve the Christian community by providing high-quality printing at exceptional value, while using our work to support causes that reflect our faith and values. Partnering with Children of the Dump allows us to play a small part in work that brings hope, dignity, and practical support to some of the most vulnerable children in the world.
