

Student Sponsorship Bio

Project: Cashew Tree Programme

Name: Gabriel

Age: 4 years old

Location: Payatas, Quezon City

Education and Development

Gabriel is a playful and curious 4-year-old attending daycare and supported through the Cashew Tree Programme. He can complete basic tracing activities and identify simple shapes and numbers. Structured learning will help him strengthen his knowledge of letters and counting while building patience and confidence.

How Sponsorship Helps

Sponsorship will support Gabriel's early education at Cashew Tree, helping provide structured learning, educational materials, nutritious meals, and a safe environment during these important formative years.

Family Background

Gabriel lives with his parents and younger sister in Payatas, Quezon City. His father is the family's sole income earner and works as a waste-collection driver, while his mother cares for the home and children. Their modest home is vulnerable to flooding, and the family's limited income is often only just enough for daily needs.

Personality and Interests

Gabriel enjoys playing with toy cars, blocks, and Lego, and he has a particular talent for dancing. He can follow instructions, helps with simple tidying and cleaning tasks at home, and especially enjoys chicken.
