Project: Cashew Tree Programme

Name: Jed

Age: 5 years old

Location: Payatas, Quezon City

Education and Development

Jed is a sweet and intelligent 5-year-old supported through the Cashew Tree Programme. He shows strong early learning skills and can already identify colours, letters, and numbers.

How Sponsorship Helps

Sponsorship will support Jed's early education at Cashew Tree, helping provide structured learning, educational materials, nutritious meals, and a safe environment during these important formative years.

Family Background

Jed lives with his parents and two older sisters in Payatas, Quezon City. His father supports the family by selling seasonal fruit, while his mother cares for the home and children. Work often keeps his father away from home, and the family's modest income can make it difficult to meet all their household and school needs.

Personality and Interests

Jed is a bright and affectionate child who enjoys staying at home and playing with his sisters. He is curious, observant, and eager to learn about the world around him.
