Education and Development

Marie Ellaine is a nursery-age child beginning her early learning journey through the Cashew Tree Programme. Simple learning activities, positive guidance, and opportunities to play with other children will help her develop confidence, communication skills, and a strong foundation for school.

How Sponsorship Helps

Sponsorship will support Marie Ellaine's early education at Cashew Tree, helping provide structured learning, educational materials, nutritious meals, and a safe environment during these important formative years.

Family Background

Marie Ellaine lives with her mother and older brother in a modest rented home in Payatas, Quezon City. Her mother is the family's sole caregiver and provider, supporting the household through a small online-selling business. Limited resources make it difficult to meet every educational and child-development need.

Personality and Interests

Marie Ellaine is cheerful, affectionate, friendly, playful, and curious about the world around her. She enjoys simple learning activities, playing with other children, and spending time with her mother and brother. She is developing good manners, positive values, and healthy social skills.
