

Student Sponsorship Bio

Project: Cashew Tree Programme

Name: Ria Louise

Age: 4 years old

Location: Rodriguez, Rizal

Education and Development

Ria Louise is a creative and expressive 4-year-old preparing for nursery through the Cashew Tree Programme. She can recognise colours, shapes, letters, and parts of the body, and can already read simple words. Structured learning will help her develop her focus and social confidence.

How Sponsorship Helps

Sponsorship will support Ria Louise's early education at Cashew Tree, helping provide structured learning, educational materials, nutritious meals, and a safe environment during these important formative years.

Family Background

Ria Louise lives with her parents, two older brothers, and two young relatives in Rodriguez, Rizal. Her father is the household's sole income earner, while her mother cares for the children and manages the home. Supporting a large household on one modest income places considerable pressure on the family's daily and educational needs.

Personality and Interests

Ria Louise enjoys stuffed toys, pretend cooking, singing, painting, and educational videos about planets and animals. She may initially be shy with unfamiliar people, but she is calm, helpful at home, and especially affectionate towards animals and the family's pets.
